

OFNL welcome you to your new home!

Open Fibre Networks (OFNL); operates the 'open access' full, fibre to the home infrastructure at your site.

The Fibre to the Home (FTTH) network provides voice, ultra-fast broadband and television to new build developments across the UK.

Fibre broadband packages from **£25.00** a month including line rental

Open Access

OFNL is 'open access', so any service provider can deliver services to your site.

There are currently 10 residential service providers you can join.

To contact OFNL:

Website: www.ofnl.co.uk
Phone: 02921 678550
Email: enquiries@ofnl.co.uk

Benefits of full fibre experience

Fibre enables you to enjoy the very best in entertainment including ultra-fast fibre broadband.

-  Ultrafast broadband - up to 360Mbps
-  Fibre direct to the home, no copper cables
-  Fibre is a green technology so it is more environmentally friendly than copper
-  All of the providers' on the OFNL network offer unlimited services
