

OFNL welcome you to your new home!

Open Fibre Networks (OFNL); operates the 'open access' full, fibre to the home infrastructure at your site.

The Fibre to the Home (FTTH) network provides voice, ultra-fast broadband and television to new build developments across the UK.

Fibre broadband packages from
£23.50
a month

Open Access

OFNL is 'open access', so any service provider can deliver services to your site.

There are currently 15 residential service providers you can join.

To contact OFNL:

Website: www.ofnl.co.uk

Phone: 02921 678550

Email: enquiries@ofnl.co.uk

Benefits of full fibre experience

Fibre enables you to enjoy the very best in entertainment including ultra-fast fibre broadband.

Ultrafast broadband - up to 360Mbps

Fibre direct to the home, no copper cables

Fibre is a green technology so it is more environmentally friendly than copper

All of the providers' on the OFNL network offer unlimited services
